General Information

THE JOURNAL OF GERONTOLOGY is a quarterly journal owned and published by Gerontological Society, Inc. It publishes original manuscripts and review articles dealing with or bearing on the problems of aging from the fields of natural and social sciences. Preference will be given to manuscripts containing observational data.

Gerontological Society, Inc., and the Editors accept no responsibility for the views and statements of the authors as published in their original communications.

* * * *

Publication office is at 660 South Kingshighway Blvd., St. Louis 10, Missouri. All communications and remittances relating to subscriptions, back volumes, advertising, reprints etc., should be directed to the JOURNAL OF GERONTOLOGY, 660 South Kingshighway Blvd., St. Louis 10, Missouri.

Subscription prices beginning with volume 16, 1961: $12.50 per volume, all countries. Single copies of the JOURNAL are available at $3.25, beginning with volume 16. Back issues, 1946-1949, are $6.00 a volume; 1950-1952 issues are $8.00 a volume, 1953-1960 issues are $10.00 plus 50c postage to foreign countries. Checks should be made payable to the Gerontological Society. New subscriptions and renewals are entered to begin with the first issue of the current volume. Four weeks' notice is required for change of address.

BIOLOGICAL AND MEDICAL SCIENCES

INSTRUCTIONS TO CONTRIBUTORS

Lack of adherence to instructions may result in delay of publication.

1. Manuscripts for the section on Biological and Medical Sciences should be addressed to John E. Kirk, M.D., 5600 Arsenal St., St. Louis 39, Missouri.

2. Papers should rarely exceed 20 typewritten pages, including tables and illustrations. They must be double spaced on standard-size white paper 8½"x11" and submitted in duplicate.

3. A condensed title for running page headline, not to exceed forty letters and spaces should be supplied.

4. Author's academic degrees and the institution to which he is affiliated should be indicated on the title page.

5. Tables should be typed on separate sheets. Tabular matter in excess of 10% of the cost of composition and printing of the manuscript is to be at the expense of the authors.

6. Legends for illustrations should be typed (double space on separate sheets). Each plate must be arranged by the authors. Engraving charges in excess of 10% of the cost of composition and printing of the manuscript are to be at the expense of the authors. If illustrations are larger than the manuscript sheet size, small prints, as well as the original drawings, should be submitted with the manuscript to facilitate mailing to reviewers.

The desired reduction of figures should be clearly indicated on the margin of the drawing. When it is desirable to present the magnification in photomicrographs, the scale in microns (or other suitable units) should be drawn directly on the print rather than given in numerals in the legend.

Drawings should be in India ink on white paper, and if background lines are used, they should be blue. All lettering should be done with a lettering guide large enough to give 2 mm. letters in the final Journal reduction.

Maximum plate size is 5½"x8" (if legends are to be included on the same page, the length should be correspondingly less). Final single column plate width is 2¾". Color plates are at the expense of the authors.

The names of the authors, the number of the figure, and an abbreviated title of the article should be written on the margin of each illustration. All illustrations should be packed carefully with cardboard to avoid damage in mailing. Photographs and original drawings will be returned to the authors only when requested within 30 days after the publication of the paper.

7. Authors are requested to limit the use of footnotes.

8. Every paper should end with a brief summary in which the points established by the investigation are outlined.

9. References must be arranged alphabetically, with a separate number for each reference, and typed (double space) in this order:

For periodical literature—name of author, title of article, name of periodical (abbreviated according to Fishbein, *Medical Writing*), volume number, inclusive page numbers, and year. Example: Gofman, J. W., Lindgren, F. T., Jones, H. B., Lyon, T. P., and Strisower B.: Lipoproteins and Atherosclerosis. *J. Gerontol., 6:* 105-119, 1951.

For books—name of author, title of book, publisher, city, and year. Example: Monroe, R. T.: *Diseases in Old Age.* Harvard University Press, Cambridge, 1951.

For chapters in books—name of author, title of chapter, title of book, edition, editor of book, publisher, city, year, and inclusive page numbers. Example: Whedon, G. D.: Steroid Hormones in Osteoporosis. In: *Hormones and the Aging Process,* E. T. Engle and G. Pincus, eds. Academic Press, Inc., New York, 1956, pp. 221-239.

10. Articles may be submitted to the JOURNAL in a foreign language, but if accepted must be translated at the responsibility and expense of the authors.

11. Reprint price list and order blank will be sent to author with galley proof.

12. Submission of a paper to this JOURNAL is held to imply that it has not been published, is not under consideration for publication elsewhere, and, if accepted for the JOURNAL OF GERONTOLOGY, is not to be published elsewhere (except as Society Proceedings) without permission from the JOURNAL OF GERONTOLOGY.

13. The JOURNAL OF GERONTOLOGY is not responsible for manuscripts or illustrations.

Second class postage paid at St. Louis, Mo.
